

Phil Frampton

I joined a computer company in '76 in Chichester that was associated with Frampton's Nurseries, in 1980 went on a rugby tour with Worthing RFC to Canada, and met my wife to be – Janice.

Moved to Toronto, Ontario on Dec 31 1980, married Mar 21 81. I have worked for various computer-related companies, and currently work with a partner marketing Excel-related productivity software. I played rugby for Balmy Beach RFC in Toronto from 1981 up until 1993. As in the attached pictures, we have 4 girls.

I have been coaching the girls at soccer over the years and now referee as well. We live in Pickering, just outside Toronto.

The "girls":

Alysha, 23 - currently teaching in Weybridge, Surrey, England and plays soccer for Fulham in Womens 1st Division. She went to university in the US on a soccer scholarship for 4 years, and has a degree in Athletic Training.

Julia, 21 - just complete her 3rd year of Kiniesiology at University of Windsor, Ontario - not too sure where she is going with it - but medical school keeps coming up in conversation!!

Carrie, 20 - Just finished a 2 year diploma in Cosmetic Technology. Just been hired by Tokia Cosmetics, a Canadian company, to open an outlet in one of the major department stores in downtown Toronto

Vanessa, 16 - Grade 11 in High School - 16 going on 20+!!!

My family still live on the south coast - my brothers (Colin and Alan) run Donaldsons in Chichester, and my Dad is still in Rustington – so I do try to come over each year. With all the emails, I am very aware of the Wye reunion in July, but will probably not be able to make it.

Phil (by email to Colin Speller)
